These policies and procedures apply to all students and employees at Laredo College.

Title IX General Information

The following General Information addresses Title IX definitions regarding Sexual Assault and other conditions prohibited by the Title IX Law.

Sexual Harassment

Sexual harassment is any unwelcome verbal, visual, or physical conduct of a sexual nature that is severe and/or pervasive and affects working or learning conditions or creates a hostile environment. The Supreme Court has confirmed that schools have an obligation under Title IX to prevent and address harassment against students, regardless of whether the harassment is perpetrated by peers, teachers, or other school officials.

Sexual Violence

Sexual violence refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent (e.g., due to the student's age or use of drugs or alcohol, or because an intellectual or other disability prevents the student from having the capacity to give consent). A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, sexual abuse, and sexual coercion. Sexual violence can be carried out by school employees, other students, or third parties. All such acts of sexual violence are forms of sex discrimination prohibited by Title IX.

Domestic Violence

Domestic violence is a pattern of abusive behaviors used to exert power and/or control over a partner. Domestic violence can be physical, sexual, emotional, economic or psychological actions or threats of actions that influence another person. This includes any behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure or wound someone. Domestic violence can happen to anyone regardless of race, sexual orientation, socio-economics, education, age, religion, etc. Domestic violence can also affect family, friends, co-workers and members in the community, in addition to the victim and abuser. Domestic violence can occur regardless of the relationship status, including individuals who are dating, co-habiting, or married.

Dating Violence

Dating violence is a pattern of aggressive and controlling behaviors that one person uses against another in order to gain and/or maintain power and control in the relationship. The abuser intentionally behaves in ways that cause fear, degradation and humiliation to control the other person. Forms of abuse can be physical, sexual, emotional, economic and/or psychological. Victims and abusers come from all social and economic backgrounds, faith communities, racial and ethnic backgrounds. Abuse also occurs in same-sex relationships. Both females and males can be abusers or victims of dating violence.

Sexual Assault

Sexual assault is any type of sexual contact or behavior that occurs without the explicit consent of the recipient. Sexual activities such as forced sexual intercourse, forcible sodomy, child molestation, incest, fondling, and attempted rape or rape fall under the definition of sexual assault.

Consent

Consent is defined as a clear “yes” either verbally or through action by both parties. Consent cannot be given by someone who is incapacitated through sleep, drugs, alcohol or certain physical or mental impairments. Consent cannot arise from the use of coercion, force, intimidation or threat.

Incapacitation

An individual lacks the ability to make informed, rational judgments and cannot consent to sexual activity. Incapacitation is defined as the inability, temporarily or permanently, to give consent because the individual is mentally and/or physically impaired, asleep, unconscious, and/or unaware that sexual activity is occurring. Incapacitation may also result from the use of alcohol and/or drugs. Incapacitation is a state beyond drunkenness or intoxication. The impact of alcohol and other drugs varies from person to person; however, warning signs that a person may be approaching incapacitation may include confusion, slurred speech, vomiting, unsteady gait, odor of alcohol, combativeness, or emotional volatility.

Stalking

Stalking is a course of conduct involving more than one instance of inappropriate and unwanted attention, harassment, threatening or intimidating physical or verbal contact, or any other course of conduct directed at a person that could be reasonably regarded as likely to alarm or place that person in fear of harm or injury, including physical, emotional, or psychological harm.

Social Media - Cyberbullying

Cyberbullying is the use of cell phones, instant messaging, e-mail, chat rooms or social networking sites such as Facebook and Twitter to harass, threaten or intimidate someone. This includes the use of technology to pursue, harass, threaten, intimidate, or otherwise make unwelcome contact with another person. Stalking may involve people who are known to one another or have an intimate or sexual relationship, or may involve people not known to one another.

SEXUAL ASSAULT

Victims of sexual assault or persons who have information regarding a sexual assault are strongly urged to report the incident to the Laredo College Police Department immediately.

It is the policy of the Laredo College Police Department to conduct investigations of all sexual assault complaints with sensitivity, compassion, patience and respect for the victim. Investigations are conducted in accordance with the Texas Penal Code, Code of Criminal Procedure and the Webb County District Attorney's Office guidelines.

All information and reports of sexual assault are kept strictly confidential. Victims may use a fictitious name or initials to be used in all public files and records concerning the sexual assault to protect their identity.

Information and assistance is available through the Laredo College Office of Student Affairs 794-4988, Laredo College Student Success Center 721-5135 South 794-4135 and Sexual Assault Services 725-2522. FACTS

- If someone forces you to have sex against your will, or has sex with you while you are unconscious or unable to consent, this is sexual assault and a criminal offense.
- If someone touches you for sexual purposes, without your consent, this is sexual assault and a criminal offense.

- You have a legal and moral right to press criminal charges or internal charges (through the Laredo College judicial system) or both.
- You may pursue internal Laredo College charges confidentially through Campus Police or the Office of the Dean of Student Affairs. Your name and the details of the incident will be kept confidential.
- Remember, you are not responsible for the unwelcome acts of others. It is never OK to force or coerce others into sex.
- Over 80 percent of all rapes and sexual assaults on campuses involve victims and perpetrators who are intoxicated and who know each other. The victim often trusts the perpetrator.
- The recurring characteristics (warning signs) associated with sexual assault are:
 - They occur at parties.
 - The victim is an underclass student, unfamiliar with alcohol and the surroundings.
 - The victim has not made arrangements with friends to travel together or “look out” for each other at parties.
 - The victim often goes to the perpetrator’s room or another room, alone, not suspecting that this isolation can put her at risk.
 - Some forms of sexual contact such as kissing, hugging, and touching may be mutually welcome, but sometimes the offender interprets this behavior as consent to go further.

Suggestions to prevent sexual assault:

- Do not accept a ride from someone you have just met.
- Use alcohol responsibly. Many rape cases involve the use of alcohol on the part of the victim, the rapist, or both. If you are in a situation where people are abusing alcohol or drugs, you may be in extreme danger.
- Acquaintance rape can result from ineffective communication.
- Make sure if you mean “no” you say “no” in unmistakable ways including body language, clothing, tone of voice, and gestures. Ignoring unwanted contact rather than confronting it may be falsely perceived as a “yes”.
- Passivity, submissiveness, and reluctance are dangerous and can create an atmosphere conducive to sexual aggression.
- Know your limits and communicate them clearly and firmly.
- Be aware of your surroundings and avoid secluded places, especially with someone you don’t know well.
- Have a safety plan and avoid those who display controlling behavior and don’t respect your limits. Although victims are seldom responsible for being assaulted, there are precautions you can take to lower your risk.

IF YOU ARE A VICTIM:

- Call the police immediately and report the assault.
- Call a close friend or family member to be with you. You will need someone to help calm you and get proper assistance.
- Seek medical attention. Sexual assaults often result in the transmission of venereal diseases and pregnancy. Other injuries sustained during the attack need to be evaluated and treated.
- Do not take a shower or bath. The police department will arrange for a medical examination by a licensed physician so that evidence can be collected. Bathing will destroy the evidence.
- Do not change your clothes. Valuable evidence can be collected from your clothing. A change of clothing can be provided for you after the examination.
- Do not move any items. The rapist may have left fingerprints or other evidence which can be collected
- DO NOT BLAME YOURSELF. It is not your fault.

DISCIPLINARY ACTION

A student committing a sexual assault, dating violence, domestic violence or stalking is subject to internal disciplinary proceedings with sanctions up to and including expulsion from the college. An employee committing any of the acts is subject to internal disciplinary proceedings with sanctions up to and including discharge from the college. Such persons may also face external criminal charges. Both the accuser and the accused are entitled to have an advisor or support person during the hearing and both will be informed of the outcome of any campus disciplinary proceeding alleging these acts.

CAMPUS SEXUAL ASSAULT VICTIM'S BILL OF RIGHTS

The United States Congress enacted the "Campus Sexual Assault Victim's Bill of Rights" in 1972, as part of the Higher Education Amendments of 1992. This law requires that all colleges afford sexual assault victims certain basic rights, such as;

- Accuser and accused must have the same opportunity to have others present
- Both parties shall be informed of the outcome of any disciplinary proceeding
- Survivors shall be informed of their options to notify law enforcement
- Survivors shall be notified of counseling services
- Survivors shall be notified of options for changing academic living situation

CRIMINAL INVESTIGATION AND CHARGES

If a student wants to press criminal charges, Campus Police will conduct an investigation and if the assailant is apprehended, will file the appropriate charge(s).

VICTIM ASSISTANCE PROGRAM

The college offers access to victim assistance programs provided by the Office of the Attorney General of the State of Texas, the Webb County District Attorney's Office and the Laredo Police Department. A variety of programs and services are offered so differing needs may be met. Laredo College Police Officers will explain court and police procedures including protective orders and will assure the victim receives the best support services available. Referrals can be made for emotional support services, to victims' compensation programs and other assistance programs designed to address the needs of individuals.

CAMPUS SEX CRIMES PREVENTION ACT

The "Campus Sex Crimes Prevention Act" (Section 1601 of Public Law 106-386) is a federal law enacted on October 28, 2000, that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, working or volunteering on campus.

The Act amends the Jacob Wetterling Crimes against Children and Sexually Violent Offender Registration Act to require sex offenders to register to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student.

It also requires that state procedures ensure that this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that it is entered into appropriate state records or data systems. These changes took effect October 28, 2002. These requirements are tied to state eligibility for certain types of federal grant funding and must be implemented through state law.

It also amends the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act to require institutions of higher education to issue a statement, in addition to other disclosures required under the Act, advising the campus community where law enforcement agency information provided by the State concerning registered sex offenders may be obtained. These changes took effect October 28, 2002, and this notice will be a requirement beginning with the annual security report due October 1, 2003.

Lastly, the Act amends the Family Education Rights and Privacy Act of 1974 to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders; and requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted. This amendment took effect on October 28, 2000.

Even though this information will be posted at different locations on campuses, instructors should make it available to their students.

NOTIFICATION BY SEX OFFENDER OF ENROLLMENT OR EMPLOYMENT

Any registered sex offender who is enrolled as a student of any university, college, community college, or other institution of higher education, or is, with or without compensation, a full-time or part-time employee of that university, college, community college, or other institution of higher education, or is carrying on a vocation at the university, college, community college, or other institution of higher education, shall report within 7 days their status as an employee, student, or carrying on a vocation to the Laredo Police Department and the Laredo College Campus Police Department.

Upon receipt of this information, the Laredo Police Department shall forward this information to the Texas Department of Public Safety and provide notice to the Laredo College Campus Police of the fact that this person is a registered sex offender and is employed, is a student, or is carrying on a vocation at Laredo College.

The registrant shall notify within seven days the Laredo Police Department and the Laredo College Campus Police Department when ceasing to be employed, enrolled as a student, or carrying on a vocation, at the university, college, community college, or other institution of higher education.

Upon receipt of this information, the Laredo Police Department shall forward this information to the Department of Public Safety and provide notice to the Laredo College Campus Police Department of the fact that this registered sex offender has ceased employment, enrollment as a student, or carrying on a vocation at Laredo College.

Offender that lives out-of-state and is going to work or going to school in Texas:

If the offender resides in another state and works or is a student at a public or private institution of higher education in Texas the offender must register within 7 days with Campus Police.

The Texas Department of Public Safety (DPS) has established this web site as the official Internet source for Sex Offender Registration information. The Sex Offender Registration open record information is extracted from the DPS Sex Offender Registration Database. The DPS maintains files based on registration information submitted by criminal justice agencies and represents a statewide source of information on sex offenders required by law to register.

Effective September 1, 1999, the Texas Legislature mandated specific information regarding a sex offender's home telephone number, social security number, driver's license number and any information required by DPS for law enforcement purposes not be open record.

DPS cannot guarantee the records you obtain through this site related to the person about whom you are seeking information. Searches based on names, dates of birth and other alphanumeric identifiers are not always accurate. The only way to positively link someone to a sex offender record is through fingerprint verification.

The information provided through this web site is open record. It may be used by anyone for any purpose. However, it is your responsibility to make sure the records you access through this site pertain to the person about whom you are seeking information. Extreme care should be exercised in using any information obtained from this web site. Neither the DPS nor the State of Texas shall be responsible for any errors or omissions produced by secondary dissemination of this information.

Changes in Sex Offender information including address should always be reported to the Laredo Police Department with which the Sex Offender is registered. The registering agency is listed in the specific Sex Offender Registration information.

ALCOHOL AND DRUG USE POLICY [FLBE \(LOCAL\)](#)

Laredo College prohibits the use, possession, and/or distribution of controlled substances on campus which are not medically necessary and prescribed by a licensed physician.

The College recognizes that alcoholism, drug, and/or controlled substance dependency are illnesses or “disorders”. To assist individuals with substance abuse problems, the college accepts responsibility for providing channels of referrals for help, but it is the student’s or employee’s responsibility to seek the necessary assistance. Employees and students will report to work or class in a fit condition. Being under the influence of alcohol, drugs, or controlled substances is prohibited.

Failure to comply with this policy may subject employees and students to adverse administrative action, which may include termination of employment or dismissal from current classes. Laredo College will impose disciplinary sanctions on students and employees which are consistent with law and established institutional policies. A disciplinary sanction may include the completion of an appropriate rehabilitation program.

The purpose of this policy is to implement the federal "Drug Free Schools and Communities Act of 1986" and subsequent updates to this act.

Laredo College is committed to maintaining a safe, healthy, lawful and productive working and educational environment for students. Studies have shown that excessive use of alcohol and/or use of illegal drugs and controlled substances increases the potential for accidents, absenteeism, tardiness, and poor performance by students.

Laredo College’s Student Alcohol and Drug Use Policy acknowledges the freedom of choice for individuals who require or seek assistance and/or referral. The intent of this policy is not to restrict individual freedom, but rather to encourage students, primarily through education and information efforts, to make intelligent choices about drugs, controlled substances and alcohol use and abuse.

In implementing Laredo College’s Student Alcohol and Drug Use Policy, administrators, faculty, and supervisors must exercise sound and reasonable judgment while protecting the rights of individual students and other personnel. Reason and common sense must be guidelines in the execution of the policy and procedures.

A student shall be prohibited from using or being under the influence of intoxicating beverages in classroom buildings, laboratories, auditoriums, library buildings, museums, faculty and administrative offices, intercollegiate and intramural athletic facilities, and all other public campus areas. With the prior consent of the Board or the Board’s designee, the provisions herein may be waived with respect to any specific event that is sponsored by the College District. State law shall be strictly enforced at all times on all property controlled by the College District in regard to the possession and consumption of alcoholic beverages.

No student shall possess, use, transmit, or attempt to possess, use, or transmit, or be under the influence of, any of the following substance on College District premises or off premises at College District-sponsored activity, function, or event:

1. Any controlled substance or dangerous drug as defined by law, including but not limited to marijuana, any narcotic drug, hallucinogen, stimulant, depressant, amphetamine, or barbiturate.
2. Any abusable glue, aerosol paint, or any other volatile chemical substance for inhalation.
3. Any performance-enhancing substance, including steroids.
4. Any designer drug.
5. Any other intoxicant or mood-changing, mind-altering, or behavior-altering drug.

The transmittal, sale, or attempted sale of what is represented to be any of the above-listed substance shall also be prohibited under this policy.

EXCEPTION

A student who uses a drug authorized by a licensed physician through a prescription specifically for that student's use shall not be considered to have violated this rule.

VIOLATION

Students who violate this policy shall be subject to appropriate disciplinary action. Such disciplinary action may include referral to drug and alcohol counseling or rehabilitation programs or student assistance programs, suspensions, expulsion, and referral to appropriate law enforcement officials for prosecution.

NOTICE

Each student taking one or more classes for any type of academic credit except for continuing education units shall be given a copy of the College District's policy prohibiting the unlawful possession, use, or distribution of illicit drugs and alcohol, a description of the applicable legal sanctions under local, state, or federal law, and a description of the health risks associated with the use of illicit drugs and the abuse of alcohol.

TRAINING AND EDUCATION

Drug and alcohol abuse prevention education shall be included in college-sponsored student programs. Additional drug/alcohol prevention and educational programs will be provided through programming lectures, community service, student activity programs, presentations and participation in state/national campaigns. These activities are scheduled throughout the year for Laredo College's campuses and the community at large. The Laredo College Manual of Policy is available online and includes all Federal, State, and Local Policies applicable to the college. Students may access the Laredo College Manual of Policy through Laredo College's Web Page – [FLBE \(LOCAL\)](#)

NOTIFICATION

The College shall inform its students of this policy and referral services through various means, such as, the Student Handbook, brochures available in the Counseling Center, Health Services Department, and student sponsored "drug and alcohol free" related activities each semester.

APPLICABILITY AND SCOPE

This policy applies to all students of Laredo College and all organizational elements that occupy space in/or conveyances, dormitories, offices, buildings, facilities, or grounds over which Laredo College has custody and control.

This policy does not cancel or supersede other state and federal laws, orders, instructions or regulations which make the use, possession and/or distribution of controlled substances illegal.

BIENNIAL REVIEW

Laredo College will biennially review its Student Alcohol and Drug Use Policy to determine its effectiveness and implement changes as needed to comply with the enforcement of this policy. This handbook addresses the requirements for the implementation of the Drug Free Schools and Communities Act and subsequent amendments to this act.

RACIAL PROFILING POLICY

The Laredo College Police Department has established a policy concerning the prohibition of racial profiling as set out in state and federal laws concerning racial profiling and discriminatory practices in general. Discrimination in any form, including racial profiling, is strictly prohibited and the department will take immediate and appropriate action to investigate allegations of discrimination. This policy applies to all members of the Laredo College Police Department, both classified and non-classified.

WHAT IS RACIAL PROFILING?

Racial profiling is any law enforcement initiated action based on an individual's race, ethnicity or national origin rather than on the individual's behavior or information identifying the individual as having engaged in criminal activity.

Examples of racial profiling include but are not limited to the following:

- Initiating a traffic stop on a particular vehicle because of the race, ethnicity, or national origin of the driver of a vehicle.
- Stopping or detaining the driver of a vehicle based on the determination that a person of that race, ethnicity, or national origin is unlikely to own or possess the specific make or model of vehicle.
- Stopping or detaining an individual based on the determination that a person of that race, ethnicity or national origin does not belong in a specific part of town or a specific place.

COMPLAINT PROCESS

The department shall accept complaints from any person who believes he or she has been stopped, searched, or inappropriately ticketed or arrested based on racial, ethnic or national origin profiling. No person shall be discouraged, intimidated, or coerced from filing such a complaint or discriminated against because he or she filed such a complaint. Employees and supervisors shall report any racial profiling practice they observe.

HOW TO PROVIDE A COMPLIMENT OR FILE A COMPLAINT

Complaints against members of the Laredo College Police Department may be made by letter or in person and under certain circumstances by phone. No matter how the complaint is made, it is the responsibility of the contacted supervisor to inform the complainant of the proper procedure for filing a complaint. State law requires that complaints involving police officers be sworn under oath and notarized. Compliments or Complaints can be filed directly at lcpoliceadmin@laredo.edu. The address of the Laredo College Police Department is West End Washington St. Laredo Texas, located in the P64 building, telephone number 721-5303. Citizens may also file a complaint with any Laredo College Police Officer.

WHAT HAPPENS TO MY COMPLAINT AFTER IT IS RECEIVED?

All complaints received by the department are processed through the office of the Chief of Police. When a complaint is received, it is reviewed to determine the nature of the allegations. The most serious type of complaints is investigated by the Chief of Police. These complaints involve allegations such as excessive force, any discharge of firearms or criminal activity such as theft.

Complaints comparatively less serious in nature, such as rude behavior or improper procedure, are forwarded to the individual's supervisor for investigation. In every case, the person making the complaint will be contacted during the investigation for additional information and will be notified by mail of the final disposition.

PROTECTION OF THE PUBLIC

The public has the right to receive fair, efficient and impartial law enforcement. Any misconduct by department personnel must be detected, thoroughly investigated, and properly adjudicated to assure the maintenance of this right.

PROTECTION OF THE DEPARTMENT

The department is often evaluated and judged by the conduct of its individual employees. It is imperative that the whole organization not be criticized because of the misconduct of a few. An informed public must have confidence that its police department honestly and fairly investigates and adjudicates all allegations of misconduct against its employees.

SHELTER IN PLACE

Shelter-in-Place means to seek immediate shelter and remain there during an emergency rather than evacuate the area. Shelter-in-Place will only be used when an evacuation is not safe. Certain events may necessitate the initiation of Laredo College Shelter-in-Place Protocol. Notification to shelter in place will be made using all means of communication available, including the Laredo College Alert Emergency Notification System.

Examples of instances when the Shelter-in-Place protocol may be used are:

SHELTER-IN-PLACE (HAZARDOUS INCIDENT) RECOMMENDATIONS

In the event of a critical incident where hazardous (including chemical, biological or radiological) materials may have been released into the atmosphere wither accidentally or intentionally, a decision to Shelter-in-Place may be the preferred method of safely waiting out the release. The following recommendations should be considered:

- Move to rooms with no windows that can open or are open
- Rooms that little or no outside ventilation are preferred
- Close any open windows and doors
- Only come out when you are told that it is safe
- The college will send an “all clear” message

SHELTER-IN-PLACE (WEATHER) RECOMMENDATIONS

A severe weather event such as a tornado or wind event during normal operating hours of the college may necessitate you Shelter-in-Place until the threat of bad weather has passed.

It is recommended that you:

- Move to an interior room with no windows, or a hallway on the lowest floor possible
- Move to an interior stairwell if all rooms have windows
- Stay in the center of the room away from doors and windows
- Stay in place until the danger has passed
- The college will send an “all clear” message

Please note: The Heating and Ventilation system may be shut down or changed to re-circulate air to prevent drawing in outside air.

The exterior doors will be locked to prevent persons from entering the buildings.

FIRE SAFETY POLICY AND PROCEDURES

If a fire occurs in a Laredo College building, community members should immediately notify Campus Police Ft. McIntosh at 721-5303 or South Campus at 794-4303. Campus Police will initiate a response, as the department has a direct dial phone line to the City of Laredo Communications Center and can summon the fire department quickly through this communication link.

If a member of the Laredo College community finds evidence of fire that has been extinguished and the person is not sure whether Campus Police has already responded, the community member should immediately notify Campus Police to investigate and document the incident. For example, if an employee finds evidence of a fire in a trashcan in the hallway of the residence hall, he/she should not touch the trashcan and should report the incident to Campus Police immediately and wait for an officer’s response. The officer will document the incident prior to removing the trashcan.

Fire alarms alert community members of potential hazards and community members are required to heed their warning and evacuate buildings immediately upon hearing a fire alarm in a facility. Use the nearest stairwell and/or exit to leave the building immediately. Community members should familiarize themselves with the exits in each building. The Fire Marshall can levy fines and penalties to individuals who fail to evacuate a building promptly-but a more important reason for evacuating is for safety reasons!

When a fire alarm is activated, the elevators in most buildings will stop automatically. Occupants should use the stairs to evacuate the building. If you are caught in the elevator, push the emergency phone button. The emergency phones in elevators on campus typically ring to the Campus Police dispatcher or to a security desk.

After a false alarm in a residential facility, an email message is sent to the Athletic Director’s Office, typically the next business day, informing them of the cause of the activation and the reason for the evacuation. The purpose of providing follow-up information is to use those instances as a teaching moment to point out the reason for the alarm activation, the evacuation routes, and instructions and guidelines for evacuations.

Campus Police publishes this fire safety report as part of its annual Clery Act Compliance document, which contains information with respect to the fire safety policies and procedures for Laredo College. This report includes statistics concerning the number of fires, the cause of each fire, the number of injuries and deaths related to a fire, and the value of the property damage caused by a fire. A fire log is maintained at the Campus Police Department. The compliance document is available for review 24 hours a day on the Laredo College website at www.laredo.edu/campuspolice. A physical copy may be obtained by making a request to Campus Police Ft. McIntosh at 721-5303 or South Campus at 794-4303.

FIRE PROTECTION EQUIPMENT/SYSTEMS

A majority of College buildings are equipped with automatic fire detection and alarm systems that are constantly monitored by staff at Campus Police.

PROCEDURES FOR STUDENTS AND EMPLOYEES IN THE EVENT OF A FIRE

Find nearest pull station, and sound central alarm. At Laredo College Ft. McIntosh, please contact Campus Police at 721-5303 or South Campus at 794-4303.

Shut all doors and windows in the vicinity of the fire.

If the fire is small, use fire extinguishers to put it out.

Exit by nearest safe stairway. Do not use the elevators. Do not run.

If there is smoke in the room, keep low to the floor.

Try to exit the room. Feel the doorknob. If it is hot, do not open the door.

If the doorknob is not hot, brace yourself against the door and crack it open. If there is heat or heavy smoke, close the door and stay in your room.

Don't panic.

Seal up the cracks under the door with sheets, or towels. If there is smoke in the room, crack the windows at the bottom and at the top, if possible to allow ventilation.

Hang a sheet or towel from the window to announce that you are in your room. Call the Campus Police at 721-5303. Be sure to give your room number and your location.

If you can exit the room, put on shoes (and if necessary a coat). If smoke is evident, get a wet towel to cover your face.

Close all doors.

If in exiting the building you are blocked by fire, go to the safest fire free area, or stairwell. If a phone is available call Campus Police, or find a window and signal that you are still in the building.

HEALTH AND SAFETY INSPECTIONS

The Safety and Risk Manager performs inspections once in the fall and once in the spring. The H&S inspections are primarily designed to find and eliminate safety violations. Students are required to read and comply with the Residential Guidelines, which include the H&S inspections and all other rules and regulations for residential buildings. The inspections include, but are not limited to, a visual examination of electrical cords, sprinkler heads, smoke detectors, fire extinguishers and other life safety systems.

In addition, each room will be examined for the presence of prohibited items (e.g., sources of open flames, such as candles, non-surge protected extension cords; halogen lamps; portable cooking appliances in non-kitchen area; etc.) or prohibited activity (e.g., smoking in the room; tampering with life safety equipment; possession of pets; etc.). This inspection will also include a general assessment of food and waste storage and cleanliness of the room. Prohibited items will be immediately disabled with a locking device or confiscated and donated/discarded if found, without reimbursement. The following is a list of prohibited items and are considered a violation of college policy.

Non-surge protected extension cords

Halogen lamps (including all Halogen desk and floor lamps)

EVACUATION

An evacuation is implemented under conditions when it is no longer safe for students, faculty and staff to remain in a building or a specific area in a building. This requires occupants to move out and away from a building to a designated building area of refuge or out and away from a specific area within a building. Most commonly used when there is a suspected fire or hazardous material spill in a building.

- If you discover a fire or smell smoke, sound the building fire alarm.
- Campus Police will notify the Fire Department without delay by dialing 911.
- When the fire alarm sounds, leave at once. Close all doors behind you. Proceed into the fire exit and leave the building. After leaving the building, do not reenter until given permission by Campus Police or the Fire Department.
- Do not use the elevators. They will stop if power fails, causing occupants to become trapped. Elevator shaft ways are like chimneys. Smoke could enter the elevator shaft thereby asphyxiating the occupants trying to evacuate the building.
- Feel the door that leads from your office to the corridor before opening it. If it is hot or smoke is seeping in, do not open it. If you become trapped in your office and cannot reach the fire exit, keep the door closed and seal off any cracks.
- Use a phone in the office to call Campus Police by dialing 111 and give the location of the fire
- If the door feels cool, open cautiously. Be braced to slam it shut if corridor is full of smoke or if you feel heat or pressure against the door. If corridor is clear, proceed with the escape plan.
- Disabled persons: A responsible person or persons that work in the area of the disabled should be assigned to assist in the event of fire. These persons are taken into the fire exit and will remain on the landing. The fire department will arrive in minutes to assist.
- If caught in smoke or heat, stay low where air is better; take short breaths (through nose) until you reach an area of refuge.
- An Emergency Procedures Guide is displayed in all LC buildings that provide more detailed information on evacuation routes.

LAREDO COLLEGE ALERT EMERGENCY NOTIFICATION SYSTEM

The Laredo College **Alert** is used to transmit brief urgent messages to a large segment of an institution's population as quickly as possible. The College will provide for quick and efficient dissemination of critical information to members of the College community, our partners, vendors and subcontractors during campus emergencies. This may include nearby public and private schools, fire departments, police and sheriff's offices or EMS. This is not a substitute for making calls to 911. Laredo College partners with the City of Laredo in preparing for disasters and protecting the lives and property of the citizens of our community.

When a determination has been made that an emergency notification should be issued, the Safety and Risk Manager or other college official will contact the President, or his/her designee to allow for appropriate media distribution of the emergency notification. Options for notification of students, faculty and staff include the college's Laredo College Alert Emergency Notification System, postings on the college Web site <https://PASport.laredo.edu>. If notified through the college's Emergency Notification System, the (**Laredo College Alert**) will send an email, text and voice message advising about the emergency and the date, time, and duration of the emergency and later when to resume normal activities notification.

In the event of an emergency, registered users that we have valid contact information for can receive simultaneous messages to landline phones, cellular phones, e-mail addresses, and text messaging. An enrollment drive will be conducted to encourage all students and employees to sign up for the **Laredo College Alert** at the start of each semester.

EMERGENCY SITUATIONS THAT MAY REQUIRE NOTIFICATION BUT NOT LIMITED TO

- Bomb Threats or other imminent violent threats
- Fire/Explosion
- Armed Intruder on Campus – Active Shooter
- Utility Failure/Problem
- Natural gas leak/Propane gas leak
- Hazardous Material spill
- Natural Disasters
- Campus Closures
- Outbreak of Serious Illness
- Civil Unrest

RESPONSE LEVELS

- **RESPONSE LEVEL I**
A situation where there is a confirmed immediate and probable potential for physical harm or property damage, to one or more members of the campus community or our immediate neighbors.
- **RESPONSE LEVEL II**
A situation where there is recognized potential for physical harm or property damage to campus community members or our neighbors where the situation has been assessed and found that there is time to intervene and begin preparation or mitigation efforts.

RESPONSE LEVEL I NOTIFICATION

The Safety and Risk Manager or his designee will immediately inform the college community using the **Laredo College Alert Notification System** that there is an immediate threat to life or property. Upon this notification, the Laredo College Alert Emergency Crisis Team will convene to implement the appropriate Response Plan.

RESPONSE LEVEL II NOTIFICATION

If the Safety and Risk Manager or his designee determines that the situation does not require a Level I Response, the Laredo College Emergency Crisis Team will provide the notice to be disseminated. The Communications & Outreach Officer will inform the college community using the **Laredo College Alert Notification System** or any other communication method of any potential threat to life or property. Upon notification, the Crisis Team will implement the appropriate Response Plan.

| 5. Chief Financial Officer | Mr. Cesar Vela |
| 6. Director of Plant Operations & Maintenance | Mr. Orlando J. Zepeda |
| 7. Chief of Police | Chief Ray Cortez |

The college/campus may become aware of an emergency situation in a variety of ways. A call may go to Campus Police, directly to the Campus President's Office or another location. Preferably calls will be routed to Campus Police who will:

- Quickly assess the situation for potential life and death situations.
- Report the situation to one or more of the Campus Emergency Crisis Team Members in a timely manner.

Once confirmed that a significant emergency or dangerous situation exists, the Crisis Team member will:

- Take into account the safety of the campus community,
- Determine what information to release about the situation, and
- Begin the notification process

The only reason the Crisis Team member would not immediately issue a notification for a confirmed emergency or dangerous situation is if doing so will compromise efforts to:

- Assist a victim,
- Contain the emergency,
- Respond to the emergency, or
- Otherwise mitigate the emergency

CRISIS TEAM MEMBERS DUTIES:

1. Crisis Team members shall immediately respond to requests to notify the campus community regarding unsafe conditions.
2. Crisis Team members shall always maintain availability.
3. Crisis Team members who cannot respond in a timely manner will be skipped over and their alternate will be contacted to act in their stead.
4. If necessary, the College President shall identify alternates for crisis team members.
5. The Communications & Outreach Officer will prepare and release all Level II alert messages. If the Communications & Outreach Officer is not available in a timely manner a Crisis team member trained in the operation of the **Laredo College Alert** system shall act in their behalf to prepare and release emergency notification messages to the Laredo College Campus community.
6. The Crisis Team will determine the content of the message.
7. The Crisis Team will determine the segment of campus affected.
8. The Crisis Team will immediately transmit an Alert to the campus community.
9. Provide follow up or additional information as the knowledge and or circumstances change.

After normal business hours, Campus Police will assess the situation and notify a Campus Emergency Crisis Team member starting with the first person on the Campus Emergency Crisis Team list by using emergency contact information maintained by the Campus Police Department. The officer will call home, cell and work numbers of the Crisis Team member and brief them on the situation.

The first Crisis Team member who is reached will determine if a message should be sent out using the **Laredo College Alert**. If the call comes through the Campus Police Department, the responding Campus Police officer shall record which Crisis Team member they contacted, the Crisis Team members' decision to proceed with an alert or to stop the process at this level.

BOMB THREATS

If you receive a bomb threat by telephone:

- Do not pull a fire alarm.
- Keep the caller on the phone as long as possible.
- Do not interrupt the caller.
- If the telephone has caller ID, note the telephone number.
- **Use the Department of Homeland Security Bomb Threat Checklist.**
- Perform a quick search of your area to identify suspicious or unfamiliar packages or items.
- Do not touch any suspected item.

If you receive a bomb threat through another method:

- If the bomb threat is handwritten, do not touch the object it was written on.
- If message is electronic in nature, do not delete. Do not forward unless instructed by authorities.
- Perform a quick search of your area to identify suspicious or unfamiliar packages or items.
- Do not touch any suspected item.

In all the above incidents, call **911** on a college or district service location phone. If a college/district phone is not available, use any available phone and dial Laredo College Police Department at (956) 721-5303.

FINDING A SUSPECTED BOMB

- Do not pull a fire alarm.
- Do not touch the suspected bomb.
- **Leave the immediate area and inform others in your area as you exit.**
- If it is safe to do so, take your personal belongings. Position the items so they are secure but quickly accessible.
- **Do not turn on or use a cell phone in the area of the suspected bomb.**
- Call **911** away from the suspected bomb.

INTRUDER LOCKDOWNS AND VIOLENT CRIMINAL BEHAVIOR

Dial **911** on a college or district phone. If a college/district phone is not available, use any available phone and dial Laredo College Police Department (956) 721-5303.

All intervention in criminal activity is the responsibility and duty of the Laredo College Police Department officers and local law enforcement.

No uniform policy can make determinations for all circumstances that may arise. Evacuating may be the best decision in one set of circumstances, while getting behind a locked and/or barricaded door may be more effective in another set of circumstances.

- If immediate harm is not present, leave the area and advise others to leave the locations as quickly as possible.
- If conditions present immediate harm, go to interior rooms and spaces that place as many walls and barriers between you and the event as possible. When you get into the room, turn off the lights and close any window blinds. **Be sure to silence your cell phones.** Even “vibrate mode” is too loud with many cell phones. Get low to the floor.
- In most institutions, if an Intruder Lockdown is announced, everyone should place themselves behind locked doors and/or in barricaded rooms.
- As you enter a room, try bringing as many people as you can into the room.
- Once you and others are locked or barricaded in a room, do not open the door for anyone, even if they are begging. If you open the door, the suspect simply has more victims.
- Remain in safe areas until directed by police/or fire personnel to evacuate. Do not open a door simply because someone shouts they are a police officer or first responder.

During an Intruder Lockdown incident, the wait could be **very long**. Police will have to go room by room to ensure that there are not further threats to public safety.

- In most cases, Laredo College Police Department officers will be backed up by the Laredo Police Department and Webb County Sheriff’s Office whose uniforms you might not recognize.
- Follow police officer(s) instructions. Unless instructed otherwise, put your hands on top of your head. Do not make sudden moves – like quickly reaching for your belongings when they enter the room. Even the Laredo College Police officers whom you speak to every day may not recognize you during an emergency. The officers will be focusing on your hands, not your face.

Options if you are caught out in the open:

- Keep moving until you find an open room that you can lock or barricade.
- Keep moving until you find a good hiding place.
- Play dead. This only works after the shooting has started – the suspect knows where he/she has been in the building.
- Fight back. This is a personal decision and should only be used as a last resort.

ACTIVE SHOOTER

Notify immediately: others in the area, avoid drawing attention from perpetrators! Secure the area: close, barricade and lock doors if possible Secure Yourself:

- Remain silent: TURN OFF Pagers, Cell Phones & Computers
- Turn off lights
- Do not move or walk around
- Crouch down and remain motionless
- Put physical barriers between you and the entrance to your area
- If no barriers are available, lie on the floor away from high traffic areas and remain motionless when is it over? Await an 'All Clear' message from police on the scene

CALL: If you perceive a threat or emergency situation: Dial 911 from a campus phone or call Laredo College Police Department (956) 721-5303 from a cell phone, send text messages if possible – do not use voice.

POLICE ACTIVITY LOCKDOWN

For college and district service locations **without** the ability to lock outside doors quickly, the following steps will be taken during a Police Activity Lockdown:

- Report to the nearest room and lock or barricade the door.
- Turn out the lights and close any window blinds.
- Silence your cell phones.
- Wait for an "all clear" message.

For college and district service locations **with** the ability to lock outside doors quickly, the following steps will be taken during a Police Activity Lockdown:

- The exterior doors will be locked by police officers or assigned district employees.
- Message(s) will be sent out with information and/or instructions.
- Signs will be posted on exterior doors advising people outside of the lockdown with a number to call for the public.

- If you are outside the building, leave the area and wait for an “all clear” message.
- All students and employees will remain inside the building (no standing in the doorway or going in and out).
- Wait for an “all clear” message.
- Incident Commander has the authority to modify the Police Activity Lockdown instructions.

WEAPON AT LOCATION

If you see someone with a weapon on campus or at a service location, or you are told someone has a weapon: Dial **911** on college or district phone. If a college/district phone is not available, use any available phone, dial Laredo College Police Department (956) 721-5303 and give the dispatcher the following information:

- Location of the person with the weapon or where they were last seen
- The name of person suspected to have the weapon (if known)
- A brief description of the person such as clothing, race, sex, etc.
- The weapon type (pistol, rifle, knife, shotgun, etc.)

Evacuate the area and advise others to do the same. Under no circumstances should you approach the person and inquire about the weapon.

NOTIFICATION OF MISSING STUDENTS

If a member of the College community has reason to believe that a student who resides in on-campus housing is missing, he or she should **immediately** notify the Athletic Director’s Office at 721-5326 and Campus Police Ft. McIntosh at 721-5303. Campus Police will generate a missing person report and initiate an investigation.

After investigating the missing person report, should Campus Police determine that the student is missing and has been missing for more than 24 hours; Campus Police will notify the student’s emergency contact no later than 24 hours after the student is determined to be missing.

If the missing student is under the age of 18 and is not an emancipated individual, Campus Police will notify the student’s parent or legal guardian immediately after Campus Police has determined that the student has been missing for more than 24 hours.

In addition to registering an emergency contact, students residing in on-campus housing have the option to identify, confidentially, an individual to be contacted by Campus Police in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, Campus Police will notify that individual no later than 24 hours after the student is determined to be missing. A student who wishes to identify a confidential contact can do so through the Athletic Director’s Office. A student’s confidential contact information will be accessible only by authorized campus officials and law enforcement as appropriate.

CAMPUS TIMELY WARNING

A Campus Crime Alert/Timely Warning is provided to heighten safety awareness and to provide students, faculty and staff timely notification of crimes that are considered to represent a serious or continuing threat to the campus community. The alert will provide pertinent information related to the crime and suspect(s). Such warning(s) may include, but are not limited to, the following information: type of crime, date, time and location of crime, as well as available suspect information. The Campus Police Department Chief of Police or his representative is responsible for issuing timely warnings in compliance with the Clery Act. Members of the community who know of a crime or other serious incident should report that incident as soon as possible to the Campus Police Department. If community members report crimes or serious incidents to other college campus security authorities, those campus security authorities will promptly notify and collaborate with Campus Police so that a timely warning can be issued, if warranted.

In the event that a situation arises that requires issuance of a warning, these warnings are provided in order to keep the entire campus community informed about safety and security matters in an ongoing basis and in an effort to prevent similar crimes from occurring. The decision to issue a timely warning shall be decided on a case by case basis in light of all facts surrounding the crime, including factors such as the nature of the crime, the continuing danger to the community, and the possible risk of compromising law enforcement efforts. Timely warnings are usually addressed for the following classifications: murder/non-negligent manslaughter, negligent manslaughter, sex offenses-forcible and non-forcible, robbery, aggravated assault, burglary, motor vehicle theft, arson, any other crime involving bodily injury, assault and larceny/theft. Timely warnings may also be issued for other crimes as deemed appropriate. If an incident occurs in the campus vicinity which is considered threatening, it will be reported through electronic email, www.laredo.edu website and the Campus Emergency Notification System.

GEOGRAPHIC CATEGORIES

The following pages provide statistics for each of our campuses for the 2016, 2017 and 2018 calendar years as required by federal and state laws.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act [20 USC § 1092(f)] is a federal law, that requires colleges and universities to disclose information about crime on and around our campuses.

The Clery Act requires crime statistics to be shown by the following geographic categories:

- On-campus;
- Non-campus buildings or properties; and
- Public property; and
- Student housing facilities

NOTE: Crimes reported in the student housing facilities column are a subset of the on-campus category.

CLASSIFYING CRIME STATISTICS

The statistics in this report are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting Handbook and the relevant federal law (the Clery Act).

The number of victims involved in a particular incident is indicated in the statistics column for the following crime classifications: Murder/Manslaughter, Negligent Manslaughter, Forcible and Non-Forcible Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart. **The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart.**

In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic.

In cases involving Liquor Law Violations, Drug Law Violations, and Weapon Law Violations, each person who was arrested is indicated in the arrest statistics.

The statistics captured under the “Referred for Disciplinary Action” section for Liquor Law Violations, Drug Law Violations, and Weapon Law Violations indicates the number of people that were referred to the Dean of Student Affairs for disciplinary action for violations of those specific laws.

Murder/Non Negligent is the killing of a person.

Negligent Manslaughter is the killing of a person through gross negligence.

Sex Offenses

Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against that person's will where the victim is incapable of giving consent

- **Rape** – penetration, no matter how slightly, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim
- **Fondling** – touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against the person's will, or not forcibly or against the person's will where the victim is incapable of giving consent because of their youth or because of their temporary or permanent mental or physical incapacity
- **Incest** – non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law
- **Statutory Rape** – non-forcible sexual intercourse with a person who is under the age of consent as established by law

Robbery: The taking, or attempting to take, anything of value from the control, custody, or care of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This offense is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary: The unlawful entry (breaking and entering) into a building or other structure with the intent to commit a felony or theft.

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle.

Arson: Willful or malicious burning or an attempt to burn a dwelling house, public building, motor vehicle or aircraft, or personal property.

Hate Crimes falling into the above list, involving bodily injury, or reported to the campus security officer or local police. (Hate crimes are to be reported by category of prejudice: race, gender, religion, sexual orientation, ethnicity, disability, gender identify and national origin.) Note that, effective August 14, 2008 the Higher Education Opportunity Act of 2008, modified the list of hate crimes that must be reported to include the following crimes: larceny-theft, simple assault, intimidation, and property destruction, damage or vandalism (20 U.S.C. Section 1092(f)(1)(F)(ii)).
