Career and Labor Market Research Tools

Bureau of Labor Statistics: Home : Occupational Outlook Handbook: : U.S. Bureau of Labor Statistics

Career Resources: Laredo College career services website provides information on career exploration and employment at

http://www.laredo.edu/cms/LCC/Student_Services/Student_Success_Center/Employment_Assistance_Service/Career_Preparation/. Students are encouraged to consult with their area of study advisor for additional career assistance. The above information is provided as a guide and reference tool for occupations related to this program. This is not a guarantee of job placement in any of these occupations after the successful completion of an LC program. The common job titles listed are representative titles and are provided for career research. These are not the only occupations possible in this area of study.

Transfer Information

The Associate of Applied Science in Homeland Security Studies prepares students to directly enter the workforce; however, a Bachelor of Applied Arts and Sciences (BAAS) or Bachelor of Science (BS) is an excellent alternative to complete (or exceed minimal standards of) the educational requirement for some positions within the Department of Homeland Security. You still must meet general education requirements and take upper-level courses.

Transfer Guides: The evaluation of transfer courses and the determination of which courses will apply toward a bachelor's degree are conducted by the receiving institution. At present, the Homeland Security Studies Program is not recognized for transfer credit by colleges or universities, as no formal articulation agreements have been established. Securing such agreements and expanding transfer opportunities will be a priority as the program continues to grow and evolve.

Additional Transfer Resources: Laredo College transfer website provides information on additional colleges & universities:

http://www.laredo.edu/cms/LCC/Student_Services/Student_Success_Center/Student_Success_Center_2018/Academic_Advising/WP2018 - Transfer_Resources/. Students are encouraged to consult with a faculty advisor, area of study advisor, and/or their chosen transfer institution to ensure courses taken at LC will apply toward their bachelor's degree program.
