

MEDICAL ASSISTING - AAS**GUIDED PATHWAY: MEDICAL ASSISTANT**

For more information, visit www.laredo.edu/ and your academic advisor.

Program Description: The course sequence listed below is for students interested in pursuing an Associate of Applied Science as a Medical Assistant (AAS). It does not represent a contract, nor does it guarantee course availability. Following this pathway will help you earn an AAS degree as a Medical Assistant. For official degree requirements, visit the [Medical Assistant, Associate of Applied Science \(laredo.edu\)](http://www.laredo.edu/) webpage.

Medical Assistant classes in the AAS degree prepare the student to perform patient-centered assessments, assist in the examination of patients, perform treatments directed by the physician, and perform common laboratory procedures in ambulatory settings, such as physician offices, clinics, and group practices. The Medical Assistant Program (MDCA) offers an Associate of Applied Science (AAS) Degree (D). Students may complete 15 hours of academic courses, receive an Associate of Applied Science degree¹, and sit for the national certification examination.

Visit the [Advising Center's Transfer Services](#) to view services and resources available for students who complete an AAS degree and the options for transfer. Speak with an academic advisor at your college to choose courses that will help transfer to a specific university.

**COLLEGE READINESS REQUIREMENTS**

Enrolling in one or more courses may be necessary if assessment activities and previous academic experiences indicate a need for additional knowledge and skills:

READING & WRITING PLACEMENT	MATH PLACEMENT	ENGLISH LANGUAGE PROFICIENCY

AAS DEGREE MINIMUM: 60 SEMESTER CREDIT HOURS/PATHWAY TOTAL: 60 SEMESTER CREDIT HOURS		

1. Students must earn at least 25% of the credit hours (15 hours) required for graduation through instruction by Laredo College awarding the degree.

2. (**Core**) This course counts for the Core Curriculum at any public college or university in Texas; <https://catalog.laredo.edu/programs-degrees/core-curriculum>

Certification and Licensure Information

The Medical Assistant program requires that the student sit for the American Medical Certification Association (AMCA) exam in order to achieve the Clinical Medical Assistant Certification (CMAC) at the end of the fourth semester (AAS only).

Exams are administered on campus as Laredo College is designated as a testing site for AMCA. Testing is held at the Lerma Pena Building in Room 227. Exams are proctored by the testing center personnel. Questions regarding eligibility for certification as a Medical Assistant should be directed to the American Medical Certification Association at AMCA@AMCAexams.com

Career Information

Common Job Titles: Clinical Medical Assistant - Certified (CMAC),

Regional Labor Market Information

According to the United States Bureau of Labor Statistics, employment of medical assistants is projected to grow 23 percent from 2018 to 2028. The growth of the aging baby-boom population will continue to increase demand for preventive medical services, which are often provided by physicians. As a result, physicians will hire more assistants to perform routine administrative and clinical duties, allowing the physicians to see more patients.

Medical assistants typically do the following:

- Record patient history and personal information
- Measure vital signs, such as blood pressure
- Help physicians with patient examinations
- Give patients injections or medications as directed by physicians and as permitted by state law
- Schedule patient appointments
- Prepare blood samples for laboratory tests
- Perform Electrocardiography
- Enter patient information into medical records
