

NURSING

GUIDED PATHWAY: REGISTERED NURSING (Transition Program)For more information, visit www.laredo.edu/ and your academic advisor.

The Laredo College Associate Degree Program believes in the upward mobility of persons with previously acquired health care knowledge. The Transition Track is a means of upward mobility. The ADN Transition Track can be completed in three semesters leading to an Associate in Applied Science degree for Licensed Vocational Nurses (LVN) and Paramedics with an AAS degree.

This is an example course sequence for students interested in pursuing an Associates of Applied Science in Nursing. It does not represent a contract, nor does it guarantee course availability. Following this pathway will help you earn an Associate of Applied Science (AAS) degree in Nursing.¹ For official degree requirements, [click here](#).

Visit [Career Pathways](#) to view guided pathways created for students who complete an AAS degree and the options for transfer. Speak with an academic advisor at your college to choose courses that will help you to transfer to a specific university.

**COLLEGE READINESS REQUIREMENTS (only for the AAS)**

Enrolling in one or more courses may be necessary if assessment activities and previous academic experiences indicate a need for additional knowledge and skills:

READING & WRITING PLACEMENT**MATH PLACEMENT****ENGLISH LANGUAGE PROFICIENCY****TSI MET: YES NO**IF NO, ADVISOR INSERT COURSE(S)

TOTAL SEMESTER CREDIT HOURS: 12**AAS DEGREE MINIMUM: 60 SEMESTER CREDIT HOURS/PATHWAY TOTAL: 60 SEMESTER CREDIT HOURS**

Upon successful completion of the Transition Program courses the student will receive credit for RNSG 1205, RNSG 1260, and RNSG 1413.

1. Degree plans may change in later catalogs. Be sure to consult with your advisor if you are continuing on an older degree plan.
2. Students must earn at least 25% of the credit hours (15 hours) required for graduation through instruction by Laredo College awarding the degree.
3. Capstone Experience

C This course counts for the Core Curriculum at any public college or university in Texas.

Certification and Licensure Information

Upon completion of the Associate Nursing Program the student may register for the NCLEX-RN licensure examination to become a Registered Nurse. The same exam is taken for the A.D.N. and B.S.N. traditional Nursing Programs nationwide.

Career Information

Common Job Titles

Registered Nurse; RN

Regional Labor Market Information

The national average salary of a registered nurse as of 2019 is at **\$75,510** per year, representing an hourly wage of \$36.30. The data is according to the estimates released by the United States Bureau of Labor Statistics (BLS) Occupational Outlook Handbook in March 2019.

Career and labor market research tools

Bureau of Labor Statistics: <http://www.bls.gov/ooh/>, O*NET: <https://www.onetonline.org/>

Career Resources: Laredo College career services website provides information on [career exploration](#) and [employment](#). Click [here](#) for more information transfer resources. Students are encouraged to consult with their area of study advisor for additional career assistance. The above information is provided as a guide and reference tool for occupations related to this program. This is not a guarantee of job placement in any of these occupations after successful completion of an LC program. The common job titles listed are representative titles and are provided for career research. These are not the only occupations possible in this area of study.

Transfer Information

ADN-RN to BSN Program

As noted, there continues to be a nursing shortage throughout the United States. In addition, there is a movement for nurses to continue their education and obtain a BSN.

The associate degree education remains a pathway to the nursing profession with the continued emphasis to meet the recommendation from the Institute of Medicine's (IOM) 80% baccalaureate prepared workforce by 2020.

The BSN is the stepping stone to an advanced degree which is needed to teach in registered nurse programs. Only 16.2% of initially ADN trained RNs eventually earned a BSN, 5.8% completed a Master of Science in Nursing, and 0.3% completed a doctoral degree in nursing (TCNWS, 2015). However, 15.6% of initially BSN educated RNs eventually obtained a master's and about 1.1% achieved a doctorate degree (TCNWS, 2015).

Transfer Guides: The universities listed here do not constitute a Laredo College endorsement. Transfer course evaluations and determination of which courses will count toward a Bachelor's degree are made by the receiving transfer institution.

Laredo College: RN to BSN www.laredo.edu/

Texas A&M International University: www.tamui.edu

South Texas College: <https://www.southtexascollege.edu/>

Additional Transfer Resources: Laredo College [transfer planning guide website](#) provides information on additional colleges & universities. Students are encouraged to consult with a faculty advisor, area of study advisor, and/or their chosen transfer institution to ensure courses taken at LC will apply toward their bachelor's degree program.
