C This course counts for the Core Curriculum at any public college or university in Texas.

Certification and Licensure Information

The Physical Therapist Assistant program requires that graduates take the National Physical Therapy Examination (NPTE) for the PTA in order to practice as a physical therapist assistant. In order to be eligible to sit for the national licensure exam, applicants will need to answer questions related to their alcohol/drug use, psychiatric conditions, and criminal convictions. Questions regarding eligibility for licensure in Texas should be directed to the Texas Board of Physical Therapy Examiners at <https://ptot.texas.gov>.

Career Information

Upon passing the national licensure exam, a physical therapist assistant can work under the supervision of a physical therapist in a variety of settings, including acute care hospitals, long-term acute care hospitals, inpatient rehabilitation facilities, outpatient clinics (adult and pediatric populations), home health, nursing homes, early childhood intervention, and school districts.

Common Job Titles

Physical Therapist Assistant

Regional Labor Market Information

Starting salary for a new graduate is around \$55,000 a year. The median salary for a physical therapist assistant in this region is \$74,000.00 annually, while highly experienced physical therapist assistants can earn as much as \$80,000.

Career Resources: Laredo College's career services website provides information on [career exploration](#) and [employment](#). Click [here](#) for more information on transfer resources. Students are encouraged to consult with their area of study advisor for additional career assistance. The above information is provided as a guide and reference tool for occupations related to this program. This is not a guarantee of job placement in any of these occupations after successful completion of an LC program. The common job titles listed are representative titles and are provided for career research. These are not the only occupations possible in this area of study.

Transfer Information

The Associate of Applied Science in Physical Therapist Assistant prepares graduates to transition into the workforce as Physical Therapist Assistants once they have passed the licensure exam. PTA program graduates have other career options that require the pursuit of a higher education degree. The area of study advisor can provide further information on these additional higher education options.
