Weekly Zoom Meeting

The screenshot shows the Zoom web interface for a course. On the left is a sidebar with navigation links: Home, Announcements, Concourse Syllabus, Grades, Quizzes, Modules, Chat, LockDown Browser, Library, Zoom (highlighted in yellow), and CLASS Services. The main content area has a header with the Zoom logo and a message about the current time zone and language. Below this are tabs for 'Upcoming Meetings', 'Previous Meetings', 'Personal Meeting Room', and 'Cloud Recordings'. A checkbox labeled 'Show my course meetings only' is present. A table with columns 'Start Time', 'Topic', and 'Meeting ID' is shown, but it contains no data, displaying 'No Data' instead. There are also links for 'All My Zoom Meetings/Recordings', 'Schedule a New Meeting', and 'Get Training'.

Draft Coach by Turnitin

The screenshot shows the Turnitin Draft Coach interface. At the top is the Turnitin logo and a search bar. Below the logo is a breadcrumb trail: "Originality, Similarity, SimCheck > Student > Turnitin Draft Coach > Understanding Draft Coach". The main heading is "Understanding Turnitin Draft Coach". Below this is a subheading: "Turnitin Draft Coach provides you with the ability to use Turnitin's tools in your Google Docs to help you work towards the final draft of your assignment before you submit to your teacher." There are three tabs: "Similarity Check", "Citations Check", and "Grammar Guide". The "Similarity Check" tab is active. Below the tabs, the heading "Similarity Check" is followed by a paragraph: "If instances are found where a user's writing is similar to or matches against a source in our database this will be flagged for your review in the Turnitin Draft Coach side panel." Another paragraph follows: "The database includes billions of web pages: both current and archived content from the Internet, a database of student papers that have been submitted to Turnitin in the past, and a collection of documents, which consists of thousands of periodicals, journals, and publications." Below this is a section titled "Interpreting your results" with a document icon. The text explains that the similarity score is based on the amount of matching text and that the score simply highlights matching areas for review.

Understanding Turnitin Draft Coach

Turnitin Draft Coach provides you with the ability to use Turnitin's tools in your Google Docs to help you work towards the final draft of your assignment before you submit to your teacher.

Similarity Check Citations Check Grammar Guide

Similarity Check

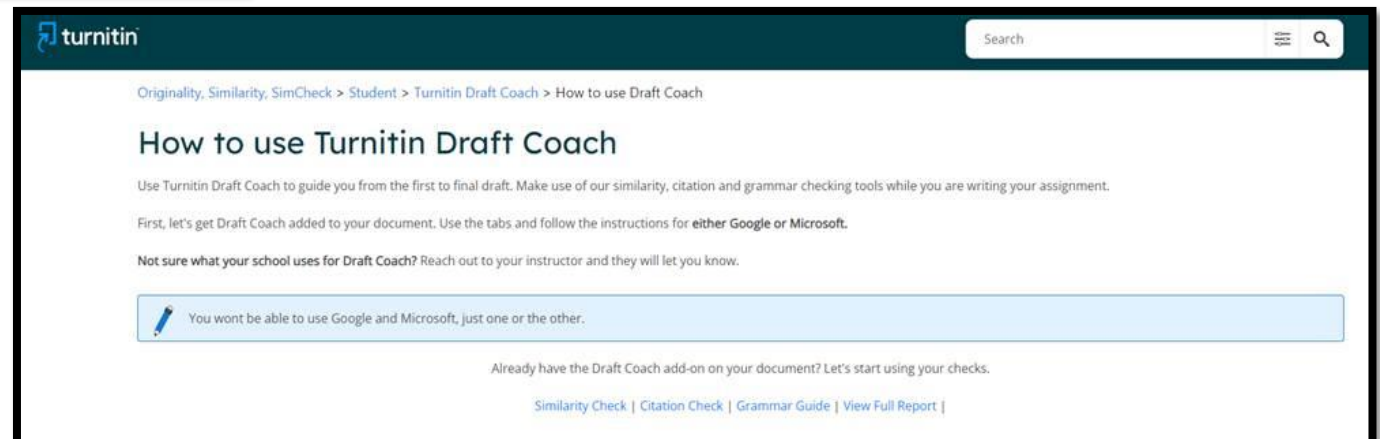

If instances are found where a user's writing is similar to or matches against a source in our database this will be flagged for your review in the Turnitin Draft Coach side panel.

The database includes billions of web pages: both current and archived content from the Internet, a database of student papers that have been submitted to Turnitin in the past, and a collection of documents, which consists of thousands of periodicals, journals, and publications.

Interpreting your results

The percentage of the similarity score is based on the amount of matching text in a document. It is perfectly natural for an assignment to match against some of our databases. If you've used quotes and referenced correctly, there will be instances where we will find a match and that is totally OK! The similarity score simply highlights any matching areas in your paper so your teacher can use this as an investigative tool to determine if the match is or is not acceptable. Each matching source is color-coded and listed numerically to make it easier to distinguish between multiple matches.

Welcome to the Center for Learning, Academic, and Student Success

Mission:

The **Center for Learning, Academic, and Student Success (CLASS)** supports the mission of Laredo College by providing all learners a productive learning environment that will empower them to succeed through quality academic support services and inspire positive change through teaching and coaching.

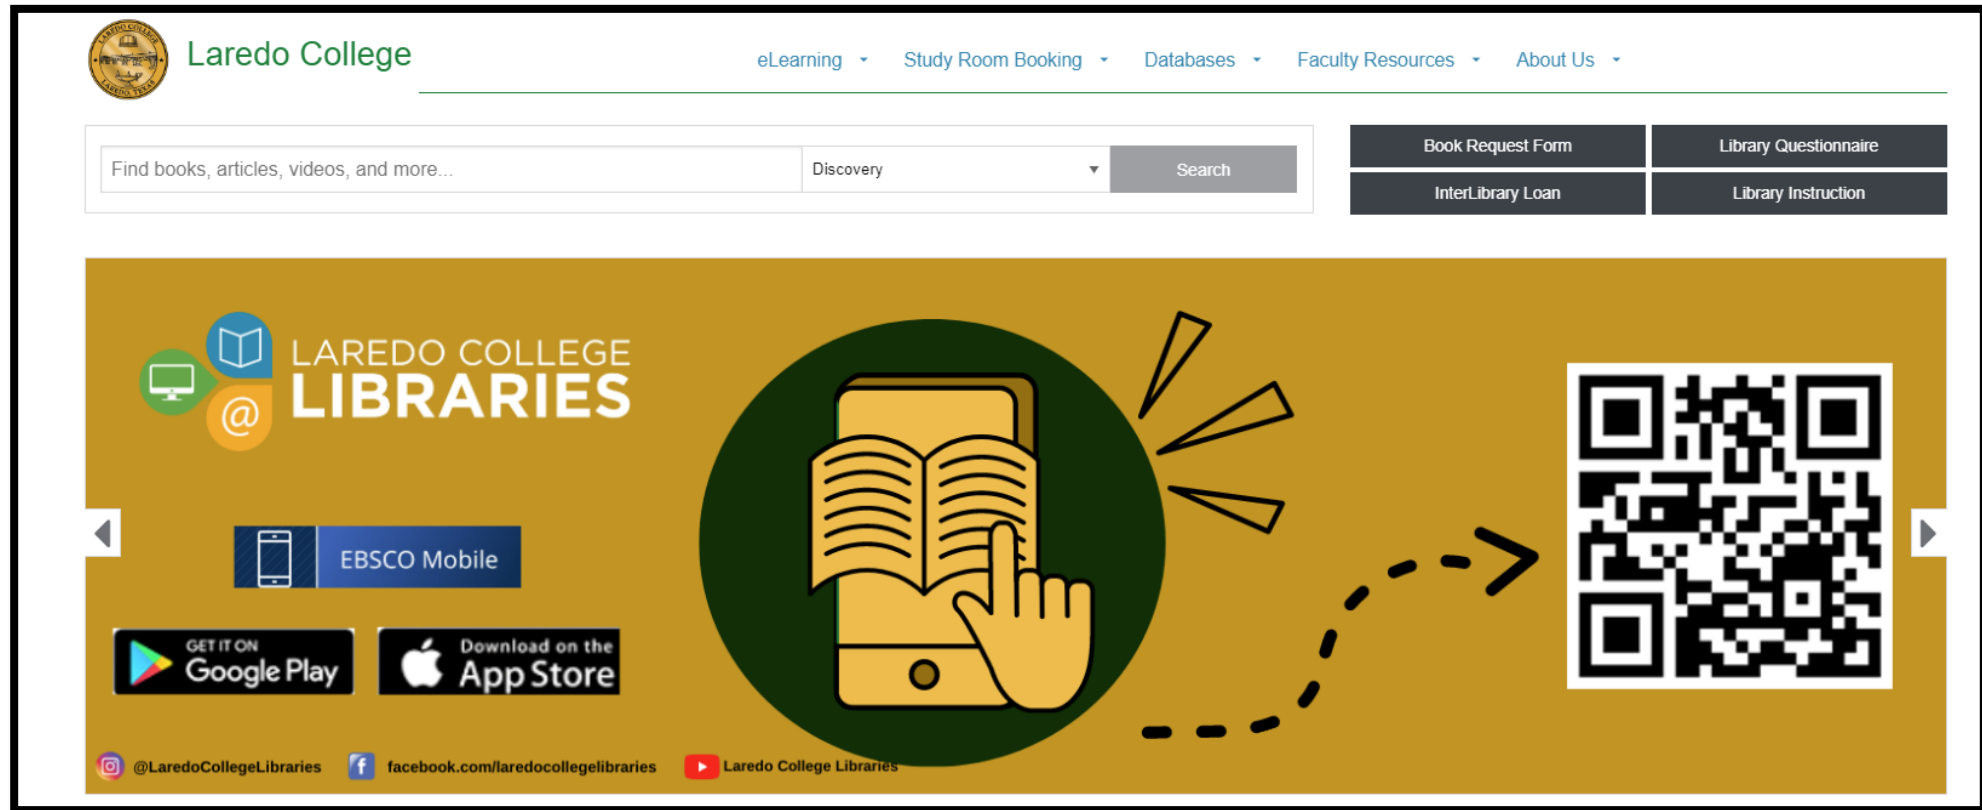

Vision:

The Vision of **CLASS** is to foster a community of learners and support programs to ensure student success and retention and to create an environment where students feel a sense of belonging and ownership as they enter **CLASS**. It will also provide students with an all-inclusive one-stop shop through engaging workshops, coaching, and other activities. CLASS will also serve as an informational resource center.

Textbooks

☰ Textbooks/Materials/Technology

Course materials will be delivered through Canvas, the institution's learning management system. Content may vary depending on course type but primarily includes assignments, activities, examinations, and grades.

For online exams, this course requires the use of Respondus LockDown Browser and/or Respondus Monitor. Respondus Monitor requires the use of a webcam with a microphone. In some cases, students can take their online exams in a proctored testing lab and Respondus Monitor would not be needed. However, Respondus LockDown Browser is always required to maintain the integrity of all exams. For details, refer to the section titled "Additional Course Information".
