

LC DegreeWorks

What-If Audits

What-If Audits allow you to process projective degree audits using your class history. If you are contemplating changing your major, you can use this format to see where you stand in your projective degree change. The What-If Feature is found on the Worksheets page.

What-If Analysis

Subject Number

To generate a **What-If Analysis**, select the catalog year, degree, and major that you would like to audit your class history against, in the dropdown menus provided. Once the selections appear, click the Process button.

When selecting the criteria for a What-If analysis, make sure the proposed combinations are valid. (Ex: General Studies is only for AA/AS Degrees while Workforce programs are linked to the AAS Degree.)
