The Academic Regalia

The procession, which begins most commencement ceremonies, is a colorful and symbolic event steeped in history and tradition. Dating from Medieval times, the procession sets the mood for this solemn yet joyous celebration of student accomplishment.

The procession consists of administration, faculty and the candidates for degrees. Candidates are dressed in caps and gowns of similar design. Academic regalia dates from the Middle Ages when a warm gown and hood were useful for scholars and clerics in damp and unheated buildings. Until the Civil War, students in most American universities wore caps and gowns daily. These varied in design until they were standardized by the American Intercollegiate Commission in 1894 when it was decided that all robes would be black. Now many institutions of higher education design their own distinctive academic garb.

Standard academic regalia for faculty includes colorful hoods and gowns, which signify both the degree they hold and the institution conferring it. The more advanced the degree, the more elaborate the gown. The color of the facing on the hood indicates the discipline of the degree earned.

AMONG THESE ARE:

White - arts and letters, including journalism
Green - medicine
Dark blue - philosophy
Yellow - science
Brown - architecture and fine arts

Pink - music
Orange - engineering
Light brown - business
Lemon yellow - library service
Citron yellow - social work

Honors achieved by Laredo College students are acknowledged with the following additions to the academic regalia.

Ceremonial Distinctions

ACADEMIC HONORS:

- Summa Cum Laude – two white cords
- Magna Cum Laude – two gold cords
- Cum Laude – one gold cord
- Phi Theta Kappa Honor Society – gold stole with the PTK letters on it and/or blue and gold honor cords
- LC Honors Program – gold stole and medal

U.S. VETERANS: Red, white and blue cords, attached together, to honor students who have served in the U.S. Armed Forces

BACHELOR OF APPLIED SCIENCE IN ORGANIZATIONAL LEADERSHIP: Peacock Blue colored stole.

BACHELOR OF SCIENCE IN NURSING: Apricot color stole and medal

ASSOCIATED STUDENT ORGANIZATION MEDALLION: Awarded to officers and senators

PRESIDENTIAL STUDENT AMBASSADOR MEDALLION: Awarded to students who have completed two years of service for Laredo College

VOLUNTEER SERVICE MEDALLION: Awarded to students who have given at least 45 hours of community service

DUAL ENROLLMENT GRADUATES: Intertwined green and gold cords are awarded to students who have completed a program of study as a dual enrollment high school student

The Degree and Certificate Banners

Bachelor of Applied Science in Organizational Leadership

The colors for the banner are green, gold, white and peacock blue. Green and gold represent the Laredo College tradition of academic excellence and innovation. Peacock blue represents leadership; it also represents compassion and calm in the face of adversity. White represents peace, as students will become leaders who are catalysts for peace throughout the world. The banner is also adorned with two symbols: the chess knight and lamp. The knight, like leaders, is unique. It moves in ways that other chess pieces cannot, which makes it valuable and important. Likewise, leaders work strategically to create change, lead teams and make decisions that help drive their organizations forward. The second symbol on the medallion is the Laredo College Lamp of Learning. The lamp represents scholastic achievement, and the flame brings light into the darkness of ignorance.

Bachelor of Science in Nursing

The colors for the banner are apricot and white. The color white signifies purity, innocence, cleanliness, honesty and faith. These are qualities of the devoted and caring patient-centered nurse. Because apricot is a type of orange, the color meaning equates to themes of passion, energy, cheerfulness, fire and heat. The banner also has two symbols, which include the caduceus and the lamp. The caduceus, or staff with the snake, has long been a symbol of medicine and the medical profession. It originates from the story of Asclepius, who was revered by the ancient Greeks as a god of healing and whose cult involved the use of snakes. The oil lamp is one of the widely known symbols viewed in the medical field. Florence Nightingale, known as "The Lady with the Lamp" and founder of the modern nursing practice, is credited for creating the oil lamp symbol. Florence often cared for the sick and injured during the night, carrying a light so she could make her way through the darkness. Her dedication paved the way for future practitioners. She served in the Crimean War in 1853. Often used in pinning ceremonies for new nurses, the lamp represents nurses' dedication and selfless work. The lamp also means compassion, reliability, goodwill and everything significant to the nursing practice. Many nurses hold a lamp during the pinning ceremony to symbolize these meanings while reciting the Nurses Pledge. The pledge is meant to uphold the profession and maintain confidentiality.

Associate of Applied Science

The colors for the banner are red, black and white. These colors represent the student's unyielding willingness to lead a life of service. Red represents kindness and strength. Black represents wisdom, which applies to the knowledge gained by students to remain steadfast and practice their skill(s) with good judgment. White represents sincerity and the holistic approach to learning and applying knowledge ethically and humanely. The banner also has three symbols, which include hands, a dove with an olive branch and four elm leaves. Hands represent faith, sincerity and justice; qualities that we place in others to help heal, create and/or solve. The dove with the olive branch is a universal sign of good things to come, a positive influence that reinforces skill and perpetual good-will once students complete their educational endeavors. The elm leaves signify the dignity, poise and pride students maintain in challenging times as they serve their community with pride. The rays of the sun represent an enlightened mind, which transcends into personal and academic possibilities for the student.

Associate of Science

The colors for the banner are purple, gold, white and black. These colors represent achievement, success and individualism; prominent features found in tomorrow's leaders. Purple signifies the place science has in academia and together with gold they symbolize high rank of accomplishment in the student's quest for knowledge in its pure form. White and black signify the promise of new beginnings and determination and exactitude in seeking knowledge through an integration of education and research. The symbols found on the banner include an ink horn which represents an educated person who strives to learn and practice his/her academic discoveries. The lion represents the inner strength and valor needed to attain knowledge with ferocious determination, and the flames represent a student's enthusiasm for learning.

Associate of Arts

The colors for the banner are green, gold and white. These colors represent a well-balanced, academically entitled nature. Green represents hope, joy and loyalty; a commodity vested in the eagerness of youthful minds working toward a future in the academic arena. Gold represents comprehension and the power of knowledge that sustains an elevated mind. White represents peace and sincerity which serves as a seal of completion and/or continuation to pure knowledge. The banner also has three symbols which include a lamp that enlightens the darkness and clarifies the path ahead, an open book which represents the manifestation of knowledge that is learned and applied as a student progresses through his/her academic journey, and a castle which the student strives to build on a strong foundation that will provide comfort and safety for those they love.

Certificate

The colors for the banner are blue, gold and white. These colors represent the regal qualities of a leader. Blue represents the truth and loyalty; the foundation of a great mind. Gold represents the potential each student possesses to elevate his/her mind and develop their generous nature to learn and lead knowingly and attentively. White is the color that represents peace and sincerity. Each student strives to fulfill an educational goal that will transition into the workforce and give them the peace of mind of knowing they have the skills needed to be successful in their field of work. The banner also has three symbols, a ladder, a scroll and a pitcher. The ladder symbolizes a student's tenacity to continue moving forward until a goal is accomplished. The scroll symbolizes the scholarly achievement a student has undertaken and successfully completed in his/her academic journey, and the pitcher symbolizes the student's willingness to lead by serving as a vessel for others.

The Mace

The use of a mace during college graduation ceremonies combines symbolic communication with the principle of vested authority at the most traditional and sacred of academic celebrations. The Laredo College ceremonial mace is made of pine and symbolizes the history and traditions that have been established by the college. The mace adds meaning and dignity to the commencement ritual. It reminds both participants and spectators that education is one of the most cherished attributes of a free and democratic society
